Summer camps run anywhere from two weeks to eight weeks in June, July and August in two locations, Loveland and Denver. They are usually held five days a week from 9 am to 3 pm. Each year CFCE hires temporary Conductors who are graduates of the Reto Institute or the National Institute for Conductive Education in the UK to lead our camps. They come from various countries throughout the world and all speak very good English. Each Conductor brings their own unique teaching techniques and a fresh perspective to our program, all while teaching the basic Conductive Education principles. All ages and abilities are welcome at our summer camps.

These camps take place during the work week Monday-Friday and are offered to all levels of swimmers, starting at age 4. Each day, campers will engage in lessons focused on learning and repeating skills in the water as well as basic water safety. Campers will also enjoy interactive deck games and free swim with their new friends as we know that social skills and comfort in and around the water are important to develop too! All swimmers that register two weeks prior to the camp will receive a t-shirt at the beginning of the week.
