Our goal is to short-cut the uphill battle individuals and families undertake when faced with autism — whether that means the initial diagnosis, the day-to-day living and coping needed, relationship and therapeutic strategies and the latest information we all experience frustration and can feel isolation in our journeys with ASD. The Autism Support Network is designed as a place by those living with ASD for those with ASD and those seeking social connection, peer guidance and a feeling of community with those who understand.

Autism Speaks is dedicated to promoting solutions, across the spectrum and throughout the lifespan, for the needs of individuals with autism and their families through advocacy and support; increasing understanding and acceptance of autism spectrum disorder; and advancing research into causes and better interventions for autism spectrum disorder and related conditions.

The Autism Society of America has been improving the lives of all affected by autism for over 50 years and envisions a world where individuals and families living with autism are able to maximize their quality of life, are treated with the highest level of dignity, and live in a society in which their talents and skills are appreciated and valued. We provide advocacy, education, information and referral, support, and community at national, state and local levels through our strong nationwide network of Affiliates.

Children with autism need intensive intervention services. With autism prevalence on the rise, the need for cost-effective autism intervention models is needed now more than ever. PLAY Project is an evidenced-based parent-mediated autism intervention model that can be learned and delivered by experts in child development. PLAY Project offers a certification training and supervision combination that prepares trainees to deliver the intervention with fidelity (in accordance with the research).

Support, Inc. provides Residential, Day Program and Support Services to people with Intellectual Disabilities. Under the Medicaid Comprehensive waiver, residential options include Host Home, Family Caregiver and Personal Care Attendant services.

Continuum of Colorado is a 501(c)(3), nonprofit agency providing services to people with a wide range of abilities. At Continuum, we empower individuals to live a meaningful life. We believe it is our responsibility to not only meet the needs of each individual we support but also to partner with our supported individuals to help them reach their goals, and keep their dreams alive. Person-centeredness is not just a trend or buzzword to us; it’s a philosophy that embodies each Direct Support Professional we hire. Our mission is to be a partner in choice and independence by collaborating with individuals and their families to provide high-quality lifetime supports that will empower them to thrive in their community.

The Center for Autism and Related Disorders (CARD) is one of the world’s largest organizations using applied behavior analysis (ABA) in the treatment of autism spectrum disorder.
Colorado Autism Consultants is dedicated to providing innovative and collaborative services to children with autism and other special needs throughout Colorado. We change the lives of children, their families, and the communities through an evidence-based approach that collaborates with your child’s family, school, and therapeutic teams.

Elevation Ability Services provides high-quality behavior services to decrease inappropriate behaviors and teach new skills to maximize the independence of people with developmental disabilities. We also provide respite and community access to clients so care givers do not have to find multiple agencies to support their loved ones.

New Day is dedicated to providing quality services to the citizens of our community with Special Needs. Our commitment is to enhance the quality of life for all individuals regardless of race, age, ethnicity, gender or ability.

Aspire Autism, LLC prepares the person with autism to be able to manage and work within the world. Our staff makes this possible by fostering a love of learning in our kids. It starts with a well-balanced curriculum and easy access to positive reinforcement. We make sure that our staff is equipped with the knowledge of each child and that the families within the Aspire community are able to voice their own opinions. Our staff makes learning fun!

Behavior Services of the Rockies (BSOTR) is a group of dedicated behavior analytic practitioners located in the Mountain West region of the United States. We strive to deliver the best quality behavior supports to improve the independence, inclusion, and overall quality of life for our clients by providing evidence-based, pragmatic treatment, consultation and teaching based on the principles of Applied Behavior Analysis (ABA). Our goal is to transfer and teach skills to clients and caregivers, and to develop top-quality practitioners to expand the availability of high quality services throughout the region.

Autism Society of Colorado serves as a resource and bridge connections for the autism community. We are advancing the conversation about equal access and inclusion through policy engagement and partnerships. We provide trainings to local businesses and organizations in order to facilitate long term, fulfilling employment opportunities. We believe that if we work together, with your help—we can contribute lasting advocacy efforts and meaningful connections for autistic individuals and their supporters.

Children’s Hospital Colorado is dedicated to providing the highest quality of care to children and families. Our mission is to improve the health of children through the provision of high-quality, coordinated programs of patient care, education, research and advocacy and provides ABA therapy.

StableStrokes (formerly PPTRC) is dedicated to significantly improve the wellbeing of individuals through a connection with horses. We believe that horses and the therapy they provide is an essential solution to strong and healthy individuals, families, and communities.

Integrated Speech & Behavior provides direct, weekly intervention for clients using speech-generating devices (SGDs) in their homes, schools, or communities. We work with individuals in the environment where intervention will be most effective and meaningful.
Whether it be the birth of a child, loss of a loved one, adolescent issues or divorce, people encounter challenges and difficult issues throughout their lives. To many people, these changes may seem overwhelming and stressful. Fortunately, even the toughest problems may be resolved with the proper knowledge and understanding on how to deal with life’s difficulties.

Family Voices Colorado believes that parents of children with special health care needs should not be alone when they face the scary and confusing task of securing care for their children. Every day we give parents the information andstrength they need to navigate complex health care systems in order to get things like wheelchairs, oxygen, or surgery for their children. With our help, parents are able to be the heroes their children are counting on.

JumpStart Autism Center's applied behavior analysis services use your child's interests and motivations to teach new skills that will maximize their life long success.

GBE Alliance, Inc. is a premier resource in providing autism evaluations, ABA treatment, counseling services, therapies, and educational services to support individuals with autism and their families.

The Shandy Clinic is a private outpatient clinic serving patients in Aurora, Monument, Colorado Springs, and Pueblo, Colorado with two locations. As a private therapy practice, the Shandy Clinic prides itself in personalized, individual therapy in a friendly, family environment. In addition to traditional therapy approaches, the clinic also empowers our staff to think outside the box to find solutions to help our patients make progress.

Colorado ABA Therapy is especially effective at evaluating children and planning ABA therapies that will target their specific, individual challenges. Every child is different and special, so our therapy plans are as well.

Bending Birch Behavioral Services is a Colorado based practice providing ABA Therapy services to individuals diagnosed with Autism Spectrum Disorder (ASD) and related developmental disabilities. We serve individuals from 18 months of age to Adult in home, community, school and clinical settings and offer a full range of Applied Behavior Analysis (ABA) services as well as Direct Instruction, Naturalistic Teaching Techniques, Social Group Facilitation and Consultation.

We SPECIALIZE in helping ALL children unlock their full potential! Various types of children we work with include: sensory processing disorders/SPD (sensory integration-sensory sensitivities and sensory seekers), autism spectrum disorders (some people don’t know what on and off the spectrum means), learning differences, motor skill deficiencies, ADHD/ADD-Attention Deficit Disorder, and other issues, handwriting and fine motor skills, coping skills, social skills, behavioral difficulties, gifted/advanced aged, non-verbal learning disorder, genetic disorders, Down syndrome, cerebral palsy, and allergies of development issues.

Our services include clinical assessments and the development of individual treatment plans, an intensive early intervention program, a school-age program for students up to age 21, in home and community based program, and weekly social skills groups. Firefly serves children (as young as 18 months of age) and adults, and every program in our clinic has a 1:1 student to teacher ratio. Firefly's treatment is based on leading, empirically based interventions, primarily using Applied Behavior Analysis (ABA) to teach functional skills.

Our therapists and BCDAs have been specifically chosen for their educational value to families. We want them to be able to take the years of schooling and experience and develop it right into your family’s life.

Recent studies have shown that Autism Spectrum Disorder affects 1 in 49 children. With such a high prevalence rate, early screening and intervention is paramount to achieving improved communication and social abilities. Contact our team of experts to see if your child would benefit from this evaluation.

Our mission is to provide the best possible treatment plan for children diagnosed with Autism and/or other developmental disabilities by providing comprehensive direct service to the children in the home, in the community, during social skills training and collaborating with schools.

Raising a child with autism can be a difficult and isolating journey. ACES offers a plethora of resources geared to helping you and your child in and outside the home. ACES’ services are constantly updated.

Dr. Michelle Cleckler is a licensed clinical psychologist specializing in conducting psychological testing with children and adolescents for: ADHD, ODD/CD, Writing Disorders, Mathematics Disorder, Depression and Anxiety, Asperger’s Disorder.

We are a research-based behavioral music therapy practice, and we are the only company that integrates the scientific fields of Neurologic Music Therapy (NMT) with Applied Behavior Analysis (ABA). This means that you receive our unique expertise and research-based methods in a fun, motivating and engaging way that has been shown to be highly effective for autism.

At the Shandy Clinic we provide individualized therapy, through individual therapy in a friendly, family environment. In addition to traditional therapy approaches, the clinic also empowers our staff to think outside the box to find solutions to help our patients make progress.

**NEURO RHYTHM MUSIC THERAPY**
We provide treatment for all aspects of social and language difficulties for children with autism spectrum disorder, from pre-linguistic joint attention skills to difficulty with figurative language.

**CONTINUUM AUTISM SPECTRUM ALLIANCE (CASA)**
Continuum Autism Spectrum Alliance serves Colorado Springs, Colorado and surrounding areas. During the assessment process, each child receives a comprehensive functional assessment that identifies core deficits and problem behaviors that may be interfering with the child’s ability to learn and participate in daily life at home, school and in the community. Every child’s program is individualized to meet his or her needs, learning style and guided by what is developmentally expected.

Our mission is to provide the best possible treatment plan for children diagnosed with Autism and/or other developmental disabilities by providing comprehensive direct service to the children in the home, in the community, during social skills training and collaborating with schools.

Behavior Care Specialists offers behavioral treatment utilizing the principles of Applied Behavior Analysis (ABA). We strive to provide a medical home for each child and care for their individual needs. Additionally, our pediatric care team works in partnership with the parents to create a safe, healthy and happy environment. We accept all insurance carriers including Tri-Care and Medicaid and offer same-day appointments for sick visits. Dr. Sayers specializes in a range of different behavioral pediatric services including developmental delay, Autism, Apperger’s syndrome, and ADHD.

Reigning Hope was established by Randy and Kesti Suggs to enhance the lives of people with special needs by providing therapeutic and unique programs to stimulate physical, mental and social development. Throughout the year, our special needs retreats provide families the opportunity to meet new friends, rent and enjoy mountain activities together. Each stay includes 2-night lodge style accommodations, meals from Friday night check-in through Sunday morning breakfast. In addition, programming includes family games, sports, special patient entertainment,抢险 requirement, breakfast. In addition, programming includes family games, sports, special patient entertainment, and mountain recreation time. We strive to provide a medical home for each child and care for their individual needs. Additionally, our pediatric care team works in partnership with the parents to create a safe, healthy and happy environment. We accept all insurance carriers including Tri-Care and Medicaid and offer same-day appointments for sick visits. Dr. Sayers specializes in a range of different behavioral pediatric services including developmental delay, Autism, Apperger’s syndrome, and ADHD.
The Family Support Center or Colorado Springs is dedicated to the treatment of children and families impacted by Autism Spectrum Disorders. We understand that autism impacts the entire family and have designed a treatment program that offers support, education, treatment and a place of refuge for families. Sliding and Parent Support Groups offered - call for schedules.

Therapy Care at Printers Park. Colorado Springs offers services from specialty trained pediatric therapists who help achieve the best possible outcomes for your child. To help maximize each child's developmental and functional potential, pediatric therapists evaluate and provide therapy for infants, toddlers, school-aged children and adolescents. Each treatment plan is individualized and created with the patient and family's priorities in mind.

The Shandy Clinic is a private outpatient therapy clinic serving patients in Aurora, Monument, Colorado Springs, and Pueblo Colorado with nine locations. As a private therapy practice the Shandy Clinic prides itself on personalized, individual therapy in a family-friendly environment. In addition to traditional therapy approaches, the clinic also emphasizes our staff to look outside the box to find solutions to help our patients make progress.

A Pediatrician is a medical doctor specifically trained in the care of children. Pediatricians focus on preventative health maintenance from birth – early adulthood, as well as care of acute or chronically ill children. They educate both children and parents on developmental expectations and healthy habits that ultimately foster physical, mental, and emotional wellness. Pediatricians have completed medical school as well as a residency program specific to the care of children. Can offer diagnostic evaluations for Autism Spectrum Disorders.

The Family Support Center or Colorado Bluesky is dedicated to the treatment of children and families impacted by Autism Spectrum Disorders. We understand that autism impacts the entire family and have designed a treatment program that offers support, education, treatment and a place of refuge for families. Sibling and Parent Support Groups offered - call for schedule.

Maple Star, the premier provider of trauma-specific services, provides intensive in-home therapy to support families with trauma histories or relationship challenges. Children and adolescents between the ages of 3-18 years of age, and their parents. Symptoms consistent with Post Traumatic Stress Disorder, Attention Deficit Disorder, Depression, Anxiety, Bipolar Disorder, and Autism Spectrum Disorders.

Disability Professionals is a not-for-profit law firm dedicated to representing individuals with disability claims before the Social Security Administration. Our mission is centered around the belief that all people, deserve the opportunity to live full and meaningful lives even when a severe disability prevents them from working.

The Shandy Clinic is a private outpatient clinic serving patients in Aurora, Monument, Colorado Springs, and Pueblo Colorado with nine locations. As a private therapy practice the Shandy Clinic prides itself on personalized, individual therapy in a friendly family environment. In addition to traditional therapy approaches, the clinic also empowers our staff to think outside the box to find solutions to help our patients make progress.

Soaring Eagles Center's mission is to offer respectful involvement in the lives of families who include children/persons with autism through providing education, advocacy, preparation and intervention. Our goal is to preserve always the dignity, independence, and heightened self determination of our clients. We envision our clients and their families functioning optimally and coping effectively in our society.

Colorado Bluesky Enterprises (CBE) is one of 20 Community Centered Boards (CCB) in Colorado providing services to persons with Intellectual & Developmental Disabilities. We believe that all persons have the right to live, learn and work in the community with the same hope, dignity, choices, opportunities and responsibilities accorded all citizens.

The Arc of Pueblo believes that people with intellectual and developmental disabilities belong in the community and have fundamental moral, civil and constitutional rights to be fully included and actively participate in all aspects of society.

Soaring Eagles Center offers a full array of therapy services for individuals of all ages and abilities. We provide a safe and comfortable environment for children and adults to grow and develop.

Colorado Bluesky Enterprises (CBE) is one of 20 Community Centered Boards (CCB) in Colorado providing services to persons with Intellectual & Developmental Disabilities. We believe that all persons have the right to live, learn and work in the community with the same hope, dignity, choices, opportunities and responsibilities accorded all citizens.

Colorado Springs empowers our staff to think outside the box to find solutions to help our patients make progress. We believe that all persons have the right to live, learn and work in the community with the same hope, dignity, choices, opportunities and responsibilities accorded all citizens.

At Overture, we recognize that every person is different, with unique backgrounds, experiences, and ambitions. We wish to meet you where you are right now, offering supports and skills that empower you in all aspects of your life. Our behavior services team works with all ages, from birth to geriatrics.

**20 Ways to Celebrate Autism Awareness Month**

http://chelandtribal.com/20.html

Autism is a condition which is usually diagnosed before a child is three. Autistic children have delayed speech or no speech at all, problems interacting socially, limited interests and odd or repetitive behaviors. Autism is a neurodevelopmental disorder caused by abnormal brain development and functioning. Many children with autism also have an intellectual disability.

**ABA Resources for Recovery from Autism**

http://downloadtripod.com/aba.html

Apps for Children with Special Needs (a4cwsn) is committed to helping the families and carers of children with special needs and the wider community of educators and therapists who support them, by producing videos that demonstrate how products designed to educate children and build their life skills really work from a user perspective. Our aim is that these videos, along with relevant information and advice from an independent source you can trust, provides valuable insight into whether a product is suitable for its intended purpose or not, enabling sensible buying decisions to be made. We hope this site and its content provides a valuable resource to the community that serves our precious children with special needs.

**Autism and Travel**

https://www.thezebra.com/traveling-autism/

Traveling is a bit more complicated when you have a child on the autism spectrum, but that doesn't mean you can't do it. With some advance planning and a good safety strategy, you can make transitions and time in transit a lot more manageable.

**Creative Learning 4 Kids**

http://www.creativelearning4kidz.com/
Email on Site

Our goal is to provide parents, therapists, and teachers with low cost, fun & effective educational materials for children. Especially those with Autism, Aspergers, PDD-NOS, Speech Delay, and/or other developmental delays.

**Fun and Function**

1-800-231-6329
https://funandfunction.com/
Sales@FunandFunction.com

Like many great things in life, our company was born of the desire for change. We started Fun and Function because we couldn't find kid-friendly sensory tools that would fit our family's needs. So we channeled our frustration and turned it into a passion for creating the best sensory toys and tools on the planet.

**Global Behavior Education Alliance, Inc.**

1-888-423-2559
https://www.globalbehavioredu.com
globalbehavioredu@gmail.com

Global Behavior Education Alliance, Inc. is comprised of a network of licensed professionals to provide online services for children with exceptionalities and their families – paving the way for a brighter future. We pride ourselves on being an all-encompassing resource, providing online evaluations, therapy, counseling, and advocacy. Experts in the field have formed an alliance to help families around the globe in a convenient online format. We specialize in autism spectrum disorders, specific learning disabilities, behavior modification (based on ABA methodology), and giftedness.

**Helping Your Child with Autism Sleep**

https://www.mattressadvisor.com/autism-and-sleep/

You know that your child with an Autism Spectrum Disorder (ASD) experiences sleep difficulties. You also know that your child's difficulties create sleep challenges for you too. But what you may not know is how common the challenges you face are for families affected by ASD.

**Just Great Lawyers - Advocating for Students on the Autism Spectrum**

https://www.justgreatlawyers.com/students-with-autism

This guide discusses issues surrounding the education of students on the autism spectrum, including the rights and responsibilities of parties involved, plus governing laws, programs, and additional resources. The information also includes classroom concerns and accommodations, considerations for choosing an appropriate school setting, options for dispute resolution, and tips for further advocacy.
**Moving With Autism - How to Plan Your Transition to a New Home**

If you have a loved one with autism, you know how important predictability and routines are. All of that goes out the window when you have to pack up your house and move. Whether it's around the corner or to a new country, relocating can be especially difficult for a family member who is on the autism spectrum. Although you can't eliminate all anxiety a move may cause, you can do many things to make the process easier on your loved one and yourself.

**My Autism Team**

MyAutismTeam is the only social network where you can truly connect, make real friendships, and share daily ups and downs in a judgment-free place. When you or a loved one are first diagnosed, it's not uncommon to feel alone and uncertain of where to find the best information and people that can help you now. We believe in making it easy to find the best people around you to help you get the answers you need, and to find support from people who can truly relate. The more content on our site is trusted – the more you share in posts and your stories, the more questions you ask and answer, the more your support will be enjoyed by other members.

**Sensory-Friendly Home Modifications for Autism and Sensory Processing Disorder**

When you have a child or family member on the autism spectrum, creating a safe and functional home environment is an important task. Autism can have a huge impact on an individual's development, lifestyle, and social connections. People on the spectrum can be particularly sensitive to lights, sounds, and other stimuli. Many crave order and routines to make sense of the world. Safety can be a concern for those who wander, are drawn to water, or are prone to head banging or self-injury.

**Sleep Junkie - Guide to Better Sleep for Kids with Autism**

It can be difficult for children with autism and other special needs to fall asleep and stay asleep at night. Those lost hours of sleep not only take a toll on the children – who may be more irritable and prone to behavior problems – but also on their bleary-eyed parents. If you are struggling to help your child “power down” or relax at night, you are not alone.

**Therapy Shoppe**

We specialize in sensory integration products, special needs toys, oral motor tools, and occupational therapy supplies.
