

It is our honor and privilege to serve nearly 8,800 children, adults, and their families in Southern Colorado through a range of fully customizable service options. Our mission is advocating for independence and inclusion, TRE partners with children and adults who have a variety of disabilities, delays, mental health or long-term care needs. We do this using a person-centered approach in coordinating care, promoting choices, and collaborating with community partners. At The Resource Exchange, we strive to be relevant, responsive, innovative, and transformative. We offer an array of lifespan services available for children and adults with intellectual and developmental disabilities.

Get Started with our Navigation Department:

In order to obtain services through The Resource Exchange, there are multiple steps you must complete to determine various requirements of eligibility. Our Navigation Department will be assisting you through the process. Our goal is to complete this process in 90 days, however timelines are dependent on how quickly documents and approvals come from yourself, your physician and outside agencies The Resource Exchange works with such as the Department of Human Services (DHS) and Health Care Policy & Financing (HCPF).

You will be assigned a Navigation Support Coordinator to assist you through this process and you must be approved for **all** steps of eligibility before enrolling into a service. **Please contact the Front Desk at 719-380-1100 to begin speaking with a Navigation Support Coordinator.**

1. **Developmental Disability Determination:** Developmental Delay/Disability Determination based upon Colorado's requirements.
2. **Functional Eligibility:** A Navigation Coordinator will complete an In Home Assessment to determine functional eligibility, which is the need for Long-Term Care services. Before this can be scheduled, we will need a Professional Medical Information Page (PMIP), to be completed by your doctor, to certify that services are needed.
3. **Financial Eligibility:** During the home visit, the Navigation Coordinator will also complete an application for Long-Term Care Medicaid as you must be determined financially eligible for services. The application will be submitted to the Department of Human Services and can take up to 45+ days to process.
4. **Additional Approvals:** Depending on the service you are applying for, there may be an additional application to complete to ensure that targeted criteria is met for that particular program. The additional applications are required to be submitted for review by an outside entity for approval/denial and can lengthen the intake process.
5. **Additional Assessment:** For Adults, the Support Intensity Scale (SIS) Assessment is required to be completed to assist with Service Planning and determining the level of funding for services.

Moving on to our Enrollment Department:

When all intake steps are complete and each step of the eligibility process are met, you will transfer you on to the Enrollment Department. You will work with an Enrollment Coordinator to complete the following steps:

1. **Referral/Information Gathering:** Your Enrollment Coordinator will discuss services, complete a referral for services, and gather additional person centered service planning information at this meeting.

2. **Service Start:** You will work with your Enrollment Coordinator to complete provider selection based on the referral responses. Your Enrollment Coordinator will assist you and your chosen provider to solidify services.
3. **30-Day Meeting:** Your Enrollment Coordinator will meet with you, your provider of choice, and your on-going Service Coordinator to review the services you have started receiving.

Continue with our Service Coordination Department:

Our Service Coordination Department's goal is to provide an individually-centered, family and community focused service in which programs and resources are coordinated to enhance your life. Once you are enrolled, you will be assigned a Service Coordinator who will help identify your unique strengths and ways to enhance those strengths. Your Service Coordinator will assist in providing targeted services and supports that will establish a long-term foundation for family and community inclusion.

2. This dispute resolution procedure shall be provided verbally and in writing to persons receiving services or applicants for service, the parent(s) of a minor, guardian, and/or authorized representative at the time application for services is made, at the time the SP is developed, any time changes in the plan are contemplated, and upon request by the above named persons.

Nor shall utilizing the dispute resolution process negatively affect, or prejudice, future services and, if enrolled, people will continue to receive services during the dispute resolution process.
4. When TRE is acting as the Organized Health Care Delivery System (OHCDs), written notice of TRE's decision to terminate, reduce, or deny services will be sent at least fifteen (15) days prior to the action taking place. This notice will give information regarding the action that has been proposed or has been taken, how to request a hearing before an administrative law judge, timeframes for making an appeal and a specific form needed when making a request for a hearing.
