- Our event was featured in last week's press release from the Office of the Governor featuring Community-Based Organizations participating in the Governor Polis's "Vaccines For All" Plan: <https://www.colorado.gov/governor/news/4621-gov-polis-partners-community-based-organizations-hosts-clinics-part-vaccines-all-plan>
- We are a proud partner of Alliance Colorado and its "Roll Up Your Sleeves" campaign to encourage vaccination and provide vaccination resources to those in the Intellectual and Developmental Disability community: <https://www.alliancecolorado.org/vaccines>
- Many people receiving vaccines will be people TRE serves: people with disabilities, those who need long-term care, and older adults.
- TRE will host future vaccine clinics based on vaccine availability.

The Resource Exchange (TRE), a local nonprofit, serves nearly 9,000 infants, children, teenagers, adults, and seniors in El Paso, Pueblo, Teller, and Park counties. Advocating for independence and inclusion, TRE partners with children and adults who have a variety of disabilities, delays, mental health or long-term care needs. We do this using a person-centered approach in coordinating care, promoting choices, and collaborating with community partners.
