TRE VAULT

We have created a new **streamlined system**
to improve case management processes

**Member and Provider Portal
Access**

Real-Time Tracking Eligibility

**Direct Communication with
Service Coordinators**

Launching in phases, we have released our
member portal to **510** new members

CHALLENGES FOR THOSE WE SERVE

**Increased
Need**

Colorado has seen significant growth
in the number of people covered by
Medicaid and a significant increase
in the average utilization of Medicaid
services.

**Budget
Impacts**

Access to certain services will be
reduced, and limits will be placed
on the amount of care available.
Many family caregivers who provide
paid support to relatives with
disabilities are likely to experience a
decrease in compensated hours.

**Advocacy
Matters**

People can advocate for the
individuals in our community with
disabilities by staying updated
through www.tre.org and supporting
our mission. Vote in your local
elections and let your voice be
heard.

ADAPTIVE TOY EVENT

University of Colorado Medicine

Medical Students Grace and Cabrey partnered with TRE to adapt toys for our Early Intervention kiddos.

This event not only transforms everyday toys into accessible tools, but it also builds the capacity of families to support their children's development.

MEANINGFUL & GAINFUL EMPLOYMENT

Our building has been able to provide employment to **13** people!

University of Colorado
